

How to Request for Quote on Weyland

For products that don't contain a range of prices, you will need to request quotes. There are 3 entrances where you can post an RFQ.

1. [Homepage](https://www.weylan-d.com/enquiry) – RFQ (<https://www.weylan-d.com/enquiry>)

You can start RFQ on Weyland homepage. However, this is recommended strongly if you have built up a BOM (Bill of Materials), or you'll have to take time to fill out more forms.

Tools

Request Quote

Drag a file here& Upload BOM file
Upload xls, xlsx or other Excel compatible file format. Max file size 2MB
Download Template

Add Model to Below Form → Fill in Your Contact Information → Submit the RFQ Form → Contact us info@com

* Part Number	Manufacturer	Package	Date Code	* QTY	Target Price	Price Currency	Operation
No Data							

Add Part Remove All

Connect with us (You can log in and fill it in automatically)

* FirstName * LastName * Area Code * Mobile

2. Search Results Page

On this page, you can add certain numbers of the part to the RFQ list or directly request the parts. In this way, the system can help pre-fill your BOM.

("RFQ" button) or add the product to your list ("Add to RFQ list" button). By tapping the "Quick RFQ" button, you send your request to us immediately.

RFQ Filling Page

After adding all the parts you want, you can check out the RFQ filling page through the first entrance. You can upload the BOM file or add parts one by one manually. Note: The BOM file will overwrite parts you've added. Don't forget to specify your contact info, which you can manage in your account center. After submission, our sales team will contact you within 12 hours during working days.
